

To Whom It May Concern:

Due to the nature of our business, and in lieu of the ability to receive competitive bids, frequently we have been asked to provide a letter stating that our technology relies upon patents that have been issued by the US Patent and Trademark office. These patents enable us and our branch offices to provide the best available trip hazard removal service to our clients.

Phillip Hester and Precision Safe Sidewalks, Inc. is the only company in North Carolina authorized to use the patented equipment and method for removing sidewalk trip hazards as described by the following patent numbers:

U.S. Pat. No. 7,143,760

U.S. Pat. No. 6,827,074

U.S. Pat. No. 7,000,606

U.S. Pat. No. 6,896,604

U.S. Pat. No. 7,201,644

U.S. Pat. No. 7,402,095

Precision Safe Sidewalks and Phil Hester are the sole-sourced provider for this service. If you have any questions or comments please feel free to give me a call.

Regards,
